

Subject: [SALDF] HLS Vegetarians Introductory Meeting
From: lciaccio@gmail.com
Date: 10/20/2006 2:33 PM

The SALDF is sponsoring the founding of a new club for vegetarians at Harvard Law. This club will hold both social events and serve as a network of support for vegans, vegetarians, and others who eat vegetarian frequently. As many vegetarians are not on the SALDF (because people are veg for all sorts of reasons), i would ask that you forward this message to anyone you know who might be interested.

Our first event will be an event at Veggie Planet on Thursday, November 3, 2006. Although SALDF as sponsor will be funding some of our events, this particular event will be pay your own way. The primary purpose will be to simply gather and have fun, but this will also be an opportunity to voice your opinions about the group and volunteer to help out.

Our second event will be an Unturkey Feast. It is tentatively scheduled for Nov 18 - the Sat. before Thanksgiving break. While we will not be able to accommodate everyone's schedule, I am open to changing the date if a high number of people have conflicts. Although this will not be a potluck per se (since cooking in the dorms must be tough) I would encourage people to volunteer to contribute vegetarian and vegan side dishes or desserts. We will provide the Unturkeys and drinks, but Whole Foods is no substitute for home cooking and your creativity. It will be held at 1580 House, across the street from Pound Hall.

Please let us know if you are interested in attending either or both events, so that we can budget accordingly and know whether we have to limit attendance.

Lastly, we have launched a Wiki to share information about vegetarian resources. Please visit it at <http://hlsaldf.pbwiki.com> and help edit the information. The password is "singer".

Thank you,
LT Ciaccio
