1. Harvard University Vegetarian Society

A few Harvard University students are starting a Harvard Vegetarian Society! The purpose of the group is to create a community between vegetarians and vegans on campus (graduate and undergraduate), around good food and animal advocacy issues. Meetings will take the form of weekly veggie pot luck dinners. The first meeting is this Friday, March 2, 2007 (6:30 PM – 8:00 PM) at 3 Sumner Road, Apt. 23. Additional details can be found on the Facebook event invitation: <http://harvard.facebook.com/event.php?eid=2246697682>. To join the Harvard Vegetarian Society on Facebook, visit the web site: <http://harvard.facebook.com/group.php?gid=2246044353>. If you do not have a Facebook account, feel free to email AnnaLise for more information (hoopesan@gse.harvard.edu).

2. Questions for the Future of Animal Law Conference

The Future of Animal Law Conference, hosted by Harvard Law School, is coming up (March 30 - April 1). One of the panels is entitled "Opportunities in Animal Law" and panelists will discuss various aspects of, and perspectives on, practicing animal law. If you have any questions you'd like the panelists to respond to,

please feel free to email them to saldf@law.harvard.edu and we'll pass them along! (If you have not yet registered for the conference and would like to, please email saldf@law.harvard.edu).

3. Compete in the Animal Law Legislative Drafting & Lobbying Competition

Registration is now open for the third annual Animal Law Legislative Drafting & Lobbying Competition, held at George Washington Law School (Washington, DC) on March 24, 2007. It is a unique opportunity to learn the necessary skills to advance legal protections for animals from lobbyists from the Humane Society of the United States and Representative Jim Moran (D-VA) (invited). For more information, please visit <http://www.lclark.edu/org/ncal/legcomp.html>.

4. Trip to Farm Sanctuary

Keep an eye out for an April SALDF trip to a Massachusetts farm sanctuary, which houses animals that have been rescued from abuse, neglect, and slaughter. There are about 100 animals, including chickens, ducks, sheep, pigs, goats, horses, cows and llamas! Should be fun and informative!
